Relationships: Cooperative with lower two.

Relationships: Master/Slave with each other.

Accessibility: Complete Open-Access; creates Lock Reality which maintains KEY Reality.

Accessibility: Must *EVOLVE* into, finite access to other Realities.

Unknowns: there is nothing that is unknown by the inhabitants of this Reality.

Unknowns: Must work to come into knowledge.

Manifestations: all manifestations are fully evolved and consolidated to as few number as possible.

Manifestations: exists separate but connected, continuing to evolve.
